

## Junior Kubernetes Engineer

We are looking for a Junior Kubernetes/Cloud Engineer to join us and make an impact in our company.

You will be working with cutting-edge technologies around Kubernetes and Cloud Service Providers. Together with the rest of the team, you will be expected to help design, implement and maintain our systems with a strong focus on scalability, performance, and resilience.

We value and promote personal initiative, clarity of thought, ability to learn, teamwork, accountability, and a striving for achievement. We collaborate in our offices in the city of Zurich.

If that sounds appealing to you and you want to play a role in a vibrant startup culture, please read on.

### Responsibilities:

- Help design our target cluster architectures and productionize our solutions
- Engage in research and experimentation through design sessions and proofs of concepts
- Apply Kubernetes, Cloud and DevOps best practices, including cluster provisioning, automation and continuous integration and delivery pipelines
- Run our solutions in production ensuring operational excellence

### Requirements:

- Degree in Computer Science or related technical/scientific discipline
- At least 1.5 years of experience in a similar position, or Azure and Kubernetes Certificates (CKA and Azure Associate Administrator or Developer)
- Experience in Kubernetes DevOps and Infrastructure as Code with Terraform and Ansible
- Knowledge of at least one leading cloud platform (Azure, GCP, AWS)
- Experience with Azure DevOps (or other CI/CD system)
- Know-how in managing and provisioning container-based workloads and/or serverless deployments
- Knowledge and experience with Git (branching strategies, repo management)
- Fluency in English

### Nice to have:

- Knowledge of GitOps, managed Kubernetes (AKS, EKS, GKE), Helm Chart, GitHub Actions
- Coding experience in any language (preferably Python or Go)

We offer an attractive compensation based on experience and skills.

Please send your complete application to Mr Patrizio Contu, CTO, (including CV with photo, references, education and qualification certificates) per e-mail: [techlab@natzka.com](mailto:techlab@natzka.com)

Please kindly note that we only accept applications from direct candidates, no recruitment agencies. Thank you for your understanding.

Occupation: 100%  
Location: Zurich  
Function: Junior Kubernetes Engineer  
Sector: Cloud Infrastructure
