

React Software Engineer

We are looking for a highly skilled React software engineer to join us and make an impact in our company.

Together with the rest of the team, you will design, implement and maintain our Web UI with a strong focus on user experience, performance, and resilience. You will be contributing to the creation of a world-class, cloud-native, scalable, high-performance and resilient Analytics system.

We value and promote personal initiative, clarity of thought, ability to learn, teamwork, accountability, and a striving for achievement. We collaborate in our offices in the city of Zurich, or remotely.

If that sounds appealing to you and you want to play a key role in a vibrant startup culture, please read on.

Responsibilities

- Develop and deliver high-quality, low-defect, maintainable and solid code
- Engage in research and experimentation through design sessions and proofs of concepts
- Take part in the entire development lifecycle, comprising design, implementation, testing, documentation, automation, deployment and maintenance
- Apply agile and DevOps best practices, including coding standards, code reviews, automated testing, benchmarking, continuous integration and delivery
- Mentor junior engineers

Requirements

- University degree in Computer Science or related technical/scientific discipline
- Strong experience in the field of Frontend development (5+ years)
- Professional expertise in React JS, Typescript advocate
- Strong knowledge of Material UI
- Solid experience with Jest/React Testing Library/Cypress
- Good understanding of UX principles, familiarity with Figma, InVision, etc.
- Good understanding of Frontend architecture patterns
- Fluency in English

Nice to have

- Knowledge of at least one leading cloud platform (Azure, GCP, AWS)
- Fullstack development skills
- Experience with Azure DevOps (or other CI/CD system)

We offer an attractive compensation based on experience and skills.

Please send your complete application to: Mr Patrizio Contu, CTO, (including CV with photo, references, education and qualification certificates) per e-mail: techlab@natzka.com

Please kindly note that we only accept applications from direct candidates, no recruitment agencies. Thank you for your understanding.
